

PRIMO

MIDI & MINI

The new face of the instant tabletop machines - large capacity, easy-to-operate, delivering exceptional drink choice and taste.

The Primo Midi and Mini are the latest additions to our table top range. These compact, high speed instant machines with multiple drink options and adjustable strengths are the perfect hot beverage machines for hotels, showrooms and office locations.

The durable, stainless steel design and high quality components compliment the high quality of the drinks. If you want a fast and convenient frothy coffee or intense flavoursome espresso - then the Primo Instant Range is for you!

DESIGN

- Machines are compact in size
- Made from stainless steel with a front colour panel
- The display and menu buttons are inviting and user-friendly
- Machine can be branded with your own logo

HIGH-QUALITY BREWS

- Strength control ensures your coffee is exactly as strong as you like it
- All instant including coffee, milk and chocolate
- Separate delivery outlet for hot water so tea always tastes like it should

MACHINE DURABILITY

- Constructed entirely from materials designed for long life, including 100% recyclable stainless steel

MIDI

MINI

BRANDED MINI
